New York Correspondence.-No. 17. FROM OUR OWN CORRESPONDENT.

-The Old and the New Establishments-Confluention-The Editors' Sanctum-Perel of the Magazine and Weekly Elitorsvature is Bought and Sold - An Inside upue of Mapazine Management-G. W. Cartis ad Wm. A. Seaver-How to Write for the Maga-

New York, April 16, 1869. The Harper's establishment does not print any e or any better books than some other pubfirms, which do at least as large a busi-But more books and newspaper articles been written about it than about any publishing house in the country. Almost body has heard of James and John Harper's beginning in Dover street, fifty-two years and of the rapid growth of their business, establishment in Pearl and Cliff streets festroyed by fire in December, 1853, when machinery and buildings, valued at a milof dollars, were swept by the blaze of an from the face of the earth. The fire originn the press room, where a plumber, having ghted a lamp, threw the burning piece of which he had used into what he supposed a pan of water, instead of water it was camfor cleaning the press rollers; and the establishment was in a blaze in a few min-Fancy the poor incendiary's feelings. I never heard what became of him-whether. Erostratus, "the ambitious youth that fired hesian dome." he suffered official penaltic his act, or whether he fretted himself to death the accident. But the Harpers did not ry; they set to work and built the present cture of brick and iron, covering ten city lots half an acre of ground-and five stories high, th cellar and sub-cellar. It is nominally fire oof. But of what advantage is it to build an on warehouse if you instantly fill it with paper? e Harpers have not made their books fire-proof. eir risk of fire, however, is lessened by the fact at they never issue incendiary publications. t the iron building is hardly less dangerous, en packed full of combustible materials, than wooden structure. Our New York firemen indeed, that iron buildings fall in sooner, confingration, than wooden ones. The metal ens and collapses before wooden beams burn

The details of the business of this great estabment have been often described-the operaas of the composing room, the electrotyper's m, the press room, the mechanism of "dry-"pressing," " folding," and " finishing, the labors of the five bundred persons (onerd of them women,) who are employed in these rent processes. But there is one part which not been fully reported. It is the editors'

etum. Let us enter it together. intering the main door from Pearl street, we through the great sales room, with its endook shelves, and ascend two flights of spiral stairense-or take, if you choose, the steam er, which will deliver us like any other literary rels at the proper landing. By a devious and sty passage-w y we pass the art department, re the engra ers are working upon the illustions of the Magazine for three or four months end. We glance through another door upon two y young ladies who occupy themselves all day g with the seissors. Not, however, in domeswork-though it is an affair of shreds and ches that concerns them. It is their business read newspapers by the hundred-weight, and clip from them all paragraphs, stories or etches, for which the editors of the Magazine, Bazar, and the Weekly can be supposed to

Near by are the editorial rooms, the door of ich stands open; we enter a spacious, dusty ern of an apartment, lumbered up with paste-, wrapping paper, proof sheets, manuscripts, tilated books and journals, and provided with mall library of books of reference, a few encypedias and standard works, in number suffint for the needs of American erudition. The ice is the very palace of cobwebs. Two gentlen of studious appearance sit at their desks in posite corners of the room, turning their backs ard each other in a Diogenic manner. They ry dust and debris upon them, dered with the dust of their They be reading manuscript with-

say about \$75."

for metaphysics. He has a knowledge of classic

and of Scandinavian mythology which few other

men in this city can equal. But the study of an-

tiquity has never been greatly pursued in New

York; and the only classical thing, at present,

that is well understood here is the Grecian bend.

"Well, let me see; nine, ten pages. I should

"I think I must have \$100 for it, Doctor.

"Well, I will ask Mr. Alden," and the writers

consult a minute; after which Mr. Guernsey

writes out an order for \$100, and hands it to the

contributor, who carries it down stairs and re-

ceives "greenbacks" for it at the cashier's desk.

"Received of Harper Brothers \$100, for article entitled 'The True History of John Smith.' ANAMAS INESLINGER."

The Harpers pay at the lowest about six dol-

lars per page for articles. But contributions are

editors drive a close bargain, never giving more

than they are compelled to do. A large part of the

Mayazine, however-especially of its illustrated

articles-is made up of illustrations from and an

abstract of their new works and British republi-

cations. Sometimes a new book of foreign travel

is condensed into an article by the editors, who

re-engrave its most striking illustrations. Some-

times the leading illustrated sketch is adroitly

made to advertise some manufacturing firm. The

choice of everything that the Harpers publish

serially, as their editors admit, is determined

strictly and solely by the degree of its saleableness

and readableness among the large class of readers

Harper's Magazine circulates 118,000 copies;

the Weekly, 95,000; the Bazar, 70,000; and the

million and a quarter than a million dotlars. All

this immense opportunity is employed with the

chief object to hit the tastes of the average reader.

stored in a drawer by themselves. All contribu-

tions are promptly read and passed upon, and re-

turned, if not accepted, and if the necessary post-

age accompanies them, to the writer. The ut-

most business promptitude characterizes the
